

Supplemental IT Support

EVEN WITH A DEDICATED IT STAFF OR DEPARTMENT, SOMETIMES IT'S NOT ENOUGH

Managing the day-to-day IT operations of a business of any size can challenge staff and current skill set despite your IT team's best efforts. TeamLogic IT provides the supplemental IT support you need to get the job done. We can open doors to emerging technologies. Expand internal expertise. Fill gaps in staffing. We are your go-to tech team that helps your IT department be more successful.

We can assist in these key areas:

Managed IT Services — Cover all the bases. Our comprehensive approach to Managed IT Services provides you with Proactive IT, Preventative IT and Responsive IT. Our managed IT services includes:

- Network and Server Monitoring
- IT Strategy and Consultation
- Asset Management

Consulting & Projects

Get it done right. Tell us about your project or plan and we'll develop the strategy, provide the team, procure equipment, install and configure the system and even provide financing options if desired. Services cover these areas and more:

- IT Relocation Services
- Business Technology Consulting
- Deployment Services and Consulting

- Hardware & Software Procurement
- Desktop & Server Virtualization
- Network Design
- Network Assessment
- Apple Business Consulting Services

IT Solutions — Leverage critical technology. Weigh in on emerging trends to assess opportunities that can give your business a competitive advantage. Call us when you need help with:

- Cloud Services
- Mobile Device Management
- Business Continuity
- Network Security
- Data Backup
- Unified Communications
- VoIP

Whatever the challenge, you can move forward with confidence knowing that TeamLogic IT is the supplemental IT support team that more and more companies are turning to.

We help our clients with all facets of IT support. Call us today.
