

A man and a woman in business attire are standing in a modern office hallway. The woman, on the left, is holding a tablet and looking at it. The man, on the right, is gesturing with his hands while looking at the tablet. The background shows a blurred office environment with glass railings and warm lighting.

IT Solutions That Advance
Your Business®

 **TeamLogicIT®**
Your Technology Advisor

Business is about people. Technology is the engine that drives it. TeamLogic IT focuses on both to help businesses achieve successful outcomes.

Technology solutions you can depend on from TeamLogic IT®

Business is changing faster than ever. Artificial intelligence is creating new opportunities to improve productivity, automate work and achieve better outcomes—but it is also introducing new questions around adoption, best use, security, governance and risk.

TeamLogic IT is uniquely qualified to deliver the technology solutions that best fit your organization. That's why we take the time to understand your business, your people, your processes and your goals. From managed and co-managed IT to cybersecurity, cloud, compliance and AI, we help you build a technology environment that is secure, productive and ready for what comes next.

People First. AI Forward. Outcome Driven.

Forging An IT Relationship For The Long Term

Choosing an MSP is one of the most important decisions your company can make. With TeamLogic IT, you gain an advisor who can help you manage today's IT environment while preparing your business for tomorrow.

Problem Solvers

Our nationwide network of nearly 2,000 engineers and technicians brings extensive real-world experience to your technology challenges. From everyday IT issues to complex cybersecurity, cloud and AI initiatives, chances are we've seen it—and solved it.

IT Solutions

With more than 20 years of experience and investment in R&D, we provide strategic IT guidance that aligns with your business priorities, timing and budget for a better ROI.

Local Experts With A National Presence

You receive the personal attention and accountability of a local technology advisor backed by the resources and expertise of a nationwide organization.

The Full IT Spectrum

**Your People. Your Technology.
Your Business.**

Technology is no longer simply an operational necessity. It is increasingly a driver of productivity, security, customer experience and a competitive advantage.

Our managed services approach spans your entire environment—onsite, remote and in the cloud. Whether you need fully outsourced IT services, support for your internal IT team or guidance adopting artificial intelligence, we provide solutions designed around how your organization actually works.

And because AI is becoming part of everyday business, we help you bring it into your organization securely and intentionally.

Assessing your business risk

Daily business life can be all-consuming, but it is important to set aside time to take a technology pulse of your company. TeamLogic IT offers a variety of business risk assessments to ensure you stay in front of the proverbial eight ball. After all, businesses grow, spin off, evolve — each requiring a review of your network and AI readiness, cloud support, cybersecurity, safeguards and much more. We offer the following:

- AI Readiness Assessment
- Shadow AI Assessment
- Network Assessment
- Cloud Readiness Assessment
- Cybersecurity Assessment
- Wireless Assessment
- HIPAA Review
- Compliance Review

A Relationship To Lean On

Entrust your business to a managed IT services partner with a broad spectrum of AI and technology experience combined with the support and responsiveness you need. Add the fact that we're local with a national reach, and the decision is simple. Move forward with The Color of Confidence. TeamLogic IT.

People First. AI Forward. Outcome Driven.

Local With A National Presence

Whether you operate from one office or multiple locations across the country, TeamLogic IT can support your technology needs—cybersecurity, cloud and emerging AI—as a fully outsourced managed IT partner or with co-managed support services. If you are looking for a trusted technology advisor that is focused on achieving better business outcomes, look no further.

From coast to coast and points in between, businesses are choosing TeamLogic IT. Contact us today to see why businesses that rely on technology, rely on TeamLogic IT. Move forward with The **Color** of Confidence®

People First. AI Forward. Outcome Driven.
